GOVERNMENT OF INDIA (भारत सरकार)
MINISTRY OF RAILWAYS (रेल मंत्रालय)
RAILWAY BOARD (रेलवे बोर्ड)

No.2024/CE-IV/ROB-RUB/SCR, WR, ECR & NR New Delhi, dt. 07.05.2024

General Managers,
All Railways

Sub: New vertical of CAO/Con/Road safety projects (RSP) for PH-30 Works.

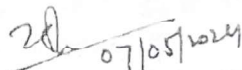

Sanctioning of works has increased substantially as a result of new policy issued by railway board on 02.03.2023. However, it is noted that the execution has not kept pace with the pace of new sanctions being given.

2.0 The issue has been considered and it is decided to introduce a new vertical of CAO/Con/RSP exclusively for road Safety projects. This new vertical is an additional set up for road crossing works along with existing other executing units like Division & CAO/Const. Organizational set up, role & responsibilities of the CAO/Con/RSP are enclosed as **Annexure-I**.

3.0 Some of Zonal Railways may like to set up this vertical under PCE with additional CE/RSP having same role and responsibilities. In such cases, the post of CE/RSP may be made functional by re-adjustment of existing duties of SAGs under intimation to railway board.

This is issued with the approval of Member /infrastructure.

DA:- As above

(Ravindra Kumar Goel)
Principal Executive Director/ Bridge
Railway Board

C/- All PCEs & CAO/Cs for kind information and necessary action please.

(Ref: 2024/CE-IV/ROB-RUB/SCR, WR, ECR & NR, dt. 07.05.2024)

Annexure-I

Organizational Setup and Role & Responsibilities of CAO/Con/RSP (Road safety projects)

1. Organizational setup:-

1. This new vertical will be headed by CAO/Con/RSP (Road safety Projects) in HAG (IRSE) assisted by one SAG/Engg & one SG/JAG/SS officer along with SSEs. Suitable officers of the Construction/ open line may be posted under CAO/Con/RSP after redistribution of their duties. The reporting of CAO/Con/projects will be directly to GM. FA & CAO/Const shall be the associate finance for CAO/Con/RSP also.
2. CAO/Con/RSP shall engage General consultant (GC) for holistic planning of Road Safety Works including feasibility studies & DPR preparation, sanction of work, detailed structural design, detailed estimate and engagement of PSSA/PMS/PMC etc. for execution supervision as per requirement. Scope of work of GC shall have the provision for providing required office /technical staff & supervisory staff. CAO/Con/RSP may decide to call EPC/hybrid mode EPC/ BOQ based contract for execution of these works based on specific site requirements.
3. Few technical /clerical staff (such as SSE/works, clerk, CDM, PS/steno & office peon) may also be given to this proposed vertical temporarily from the existing open line staff by PCE till the office/ technical/Supervisory staff are provided by GC.
4. Suitable office accommodation shall also be provided to this new vertical in construction or open line office as per the overall convenience.
5. Design /drawings & other technical assistance shall be provided /shared by CAO/C and PCE from existing office staff.
6. Bridge Directorate shall be nodal Dte. at Railway Board.

2. Role & responsibilities of CAO/Con/RSP

1. CAO/Con/RSP will be execution-in-charge of all the assigned works of PH-30 yet to be sanctioned or the works recently assigned which are yet to be taken up for execution.
2. In addition, the work of preparation of DPR for sanctioning, designing, bidding and execution of identified LCs (initially only 40-50 nos) for which action for DPR preparation is yet to be taken up shall be initially assigned to him.
3. The existing system for sanctioning of work for LCs already taken up by the divisions, reply of CA-III reference & execution of already sanctioned works by various executing units (like CAO/C, CPM/GSU or Division) will continue as it is.
4. Assignment of new sanctioned works to other executing units (CAO/Con & Divisions) for execution may also continue till the vertical gets established. Based on review of progress and workload of other executing units, GM may further assign works of DPR preparation, design and execution to CAO/Con/RSP for remaining LCs which are yet to be sanctioned.
5. CAO/Con/RSP & his officers will exercise the power of construction organisation as given in Model SOP in respect of all technical /financial/ contractual & Personnel matters as may arise during the sanction, execution and commissioning of works.
6. Open line (Division & HQ) will provide required assistance to CAO/Con/RSP for the sanction, execution (including safety) and commissioning of assigned works.
7. Monitoring and overall coordination for PH-30 works will remain with Principal Chief Engineer.
